JOHN WITTMAN THE TAILOR

WILL HAS BEEN READ

In Pope's Handwriting and Consists of Thirty-Six Pages,

MANY VIEW REMAINS

Body of Pontiff Was Tilted in Such a Way That Every Person Had an Opportunity of Easily Seeing It.

Rome, July 24.—The will of the late pope was opened at Thursday's meeting of the congregation of cardinals. It consists of thirty-six pages, in the handwriting of Leo XIII., and leaves all the property of which he died possessed to his successor for the use of the church. To each member of his family he leaves a present, to be from valuable objects in his apartment. Similar presents are bequeathed to his physicians. The total amount of the property which he left is not yet known.

The prevailing impression of those who passed before the iron gates of the Chapel of the Sacrament to view the remains was one of intense pity, combined with a certain sense of horror. The body was tilted upon the catafalque in order that all might see the shrunken face. An ordinary skull in a frame of gold, lying in a mass of red roses could scarcely have been more typical of death.

Except at sunrise, when the crush threatened a panic, all those who wished it had an opportunity of entering St. Peter's. During the day many of those who passed stopped before the catafalque to say a hurried prayer. Hundreds of the women and even some of the men, carried children in their arms.

A feature which is causing comment, is the fact that Cardinal Oreglia, in receiving a group of the city fathers of Rome, who represent the Clerical party, charged them to thank also their Liberal colleagues for the manifestations of sympathy which they showed during the illness of the pope. The cardinal, continuing his conversation, indicated special satisfaction over similar manifestations coming from several constituted bodies of the kingdom of Italy, such as communal councils and provincial deputations, including that of Rome, which is presided over by Prince Felice Borghese.

"It is an unexpected tribute," exclaimed the cardinal, "which no one would have imagined twenty-five years ago."

In this connection additional interest attaches to this meeting of the congregation of cardinals, which appointed Mr. Piffiori as confessor of the conclave, a committee to undertake the arrangements of the conclave and selected other officials, such as physicians, who will attend them during their seclusion.

CALLED ON CORTELYOU.

President of the Bookbinders' Union Submits Supplementary Affidavits.

Washington, July 24.—President Barrett of the local Bookbinders' union Thursday called on Secretary Cortelyou and Public Printer Palmer and submitted affidavits supplementary to the communication already filed with those of the officials regarding the case of W. A. Miller, the assistant foreman in the government printing office, whose reinstatement was ordered by the president. These affidavits relate to the charges which formed the basis of Miller's expulsion from the union and as to his actions during his incumbency as assistant foreman. Mr. Barrett told Secretary Cortelyou that there was no intention on the part of the union to send a committee to Oyster Bay unless requested to do so by the president. A decision by Mr. Cortelyou is expected in a few days. Mr. Palmer said that so far as could now be foreseen Miller, who is at present in Minneapolis, will resume work.

The communication sent by the union to Secretary Cortelyou and Public Printer Palmer are identical. The union insists Miller shall not be reinstated, and urged as the reason therefor the charges of moral unfitness, which, it points out, was the cause for his expulsion from the union, which the bookbinders claim were thoroughly investigated and proved.

Attacked by Fever.

New York, July 24.—A letter from the Acre territory says, according to the Herald's Rio de Janeiro correspondent, that the Brazilian army is perishing under fever attacks. Six hundred officers and men are dead and 400 are ill. Some detachments of troops are without medicine.

Denver Breaks the Record.

New York, July 24.—The steamer Denver has broken the record between Galveston and New York. Her actual running time between the Texas port and Sandy Hook was four days and twenty-four hours. The former record was five days and two hours.

Thirty-One New Locomotives.

Cheyenne, Wyo., July 24.—Superintendent W. R. McKen of the motive power department of the Union Pacific railroad announces that an order has been placed for thirty-one new passenger engines, embracing both the Pacific and the Atlantic types. The enormous increase in traffic over the road has necessitated the purchase of nearly sixty locomotives this year.

TWO YOUTHS HANGED

Convicted of the Murder of a Leading Kentuckian.

REMARKABLY CALM.

They Fatally Shot A. B. Chinn in an Endeavor to Burglarize the Residence of the Latter Some Months Ago.

Lexington, Ky., July 24.—Claude O'Brien and Earl Whitney, boys in years, and whose faces indicated nothing criminal, were hanged here at 8 o'clock Friday morning for the murder of A. B. Chinn. It was 2:30 o'clock on the morning of Oct. 23, 1902, when O'Brien and Whitney entered the home of A. B. Chinn, a wealthy merchant and ex-Confederate soldier, and with revolvers demanded the old gentleman to produce money. Their voices awakened Mrs. Chinn, who screamed. Asa Chinn, their son, had returned from a dance only a short time before and had not fallen asleep. He made his way to the door of his parents' room, but one of the burglars saw him and they began shooting. Asa Chinn also opened fire. The elder Chinn raised up and was sitting on the side of his bed. He was shot through the body. The boys then ran from the room over the form of Asa Chinn, who had also been shot and was lying on the floor using his revolver as best he could. Whitney was wounded in the left knee. The elder Chinn was mortally wounded, but attempted to assist his son in the battle in the hallway. He got out of bed and went to the door, where he dropped dead. The boys were captured a few days later near here, but owing to rumors of lynching were removed to Louisville for safe keeping. O'Brien was eighteen years old and his home was at Memphis, Tenn. Earl Whitney, who was one year his senior, has relatives at Nashville.

The boys at a hearty breakfast and at 7:30 a. m. dressed for the scaffold. Both were so calm they elicited comment from all officials. Two priests at 6 o'clock administered communion. Both prisoners said they felt better and were ready to die. The death march began at 7:57. Whitney smiled from the scaffold at the crowds. Both shook hands with the priests. O'Brien's lips moved in prayer as his hands were tied.

MOSE KEETER.

He and Many of His Kin Break Up an Extermination Meeting.

New York, July 24.—There has been an indignation meeting of mosquitoes on Staten island. This was apparent when an army of the pestiferous insects invaded the Stapleton village hall, where a salem conference is being held with a view to ridding the island forever of the anopheles family. The hall was jammed with delegates representing the various towns.

After several speeches and displays of maps, it was decided to drain the whole of Staten island and not leave as much as a tomato can full of stagnant breeding water. A committee of public safety also was decided upon. Then the mosquitoes appeared upon the scene and the delegates were kept busy beating them off. It is even asserted that the meeting, which was cut short, adjourned before the committee-men on public safety had been chosen.

SEVERAL DEATHS.

Fatal Mishaps Attending Residents of the Far Away North.

Tacoma, Wash., July 24.—Seven deaths are reported on the Bering sea north of Nome by recent arrivals from that quarter. The boat steerer of the whaler Morning Star cut his throat and bled to death. Early in July a native was carried from Cape York on an ice pack and was drowned. A short time previous two natives of Diomedes island were drowned in a similar manner. Natives from Metletarovich, eighteen miles north of Cape Prince of Wales, reported a boat containing four white men crushed in the ice in the first week of July. Three of the men were drowned, the fourth having reached the shore. The names of the men are not known. Natives of Cape Prince of Wales have caught no whales this season.

Emitting Puffs.

Kingston, St. Vincent, July 24.—The Soufriere volcano has been slightly agitated since July 19, emitting puffs intermittently, which caused electrified clouds and rumblings. A severe earthquake shock was felt at 1:30 a. m., Tuesday, accompanied by a subterranean sound of cracking, which shook the buildings here and threw the populace into a state of consternation, fearing that a disastrous phenomenon would follow this earthquake similar to that of July 17, 1902, which preceded the eruption of Sept. 3, 1902.

GREAT INSTITUTE MEETING.

Sam H. Dixon Says East Texas Can't Beat Brazos County Elberta Peaches—Fair Premiums.

Yesterday was a red letter day for the Brazos County Farmers' Institute and for Bryan and Brazos county as well, and impressions were made and lessons learned that will be of untold value. Three or four hundred people attended the meeting, and the Bethel people manifested their usual hospitality in a bountiful dinner.

The feature of the day was the address or rather addresses of Sam H. Dixon, industrial agent of the H. & T. C. and the H. E. & W. T. railroads. His presence was an inspiration to the institute and what he learned about Brazos county was a revelation to him. In the morning he talked on truck growers' organizations and in the afternoon on peach growing. He showed the farmers that they must organize a close corporation and do business on business principles if they want to succeed. He said if they would get together in earnest he would come to Brazos county and camp with them and show them how to make hot beds and cold frames, to plant, cultivate, pack and ship their crops, giving the full benefit of his long experience.

There were some exhibits of farm and orchard products at the

institute and among them some faultless Elberta peaches, which he declared as fine as can be raised in east Texas, and which were grown by Mrs. Davis who lives near Bethel. These attracted the attention and unbounded admiration of Mr. Dixon and he said a car load like them would be worth \$1500.00 standing on the side track at Bryan. He carried the peaches to Houston with him to present them to Mr. C. H. Markham, the vice-president of the H. & T. C. and president of the H. E. & W. T., and thought it not unlikely that the latter will be attracted to the county and assist materially in its development. Mr. Dixon was enthusiastic about the prospect which lies before Brazos county as a truck and fruit producer and it is very evident we have gained a strong friend in him and one who is able to help us.

Good talks were also made by F. W. Yeager of Millican, Prof. Scholl of College and W. S. Howell and Walter Wiprecht. The latter talked Central Texas fair to the institute and were greatly encouraged by the prospect of splendid exhibits and a large attendance and general hearty co-operation of the farmers. Mr. Wiprecht stated that the premiums offered on agricultural exhibits amount to over \$250.00, and so generally distributed as to give everybody a chance.

The next meeting of the institute will be held in connection with the fair at the fair grounds August 18 to 21 inclusive, and a splendid program is in preparation.

HEARD TESTIMONY.

Expert Accountant Will Examine Books of Railroad and Grain Companies.

Kansas City, July 24.—The interstate commerce commission met here Thursday to finish an inquiry that began in Fort Worth, Tex., Monday and listen to testimony concerning the complaint of Kansas City grain men that the Rock Island and the Santa Fe roads have discriminated in grain freight rates to prevent Kansas City dealers from operating in Texas. While no direct testimony was given it was strongly intimated by witnesses that special privileges given Texas grain firms had practically shut out business in Texas. At the conclusion of the hearing it was stated that an expert accountant would examine the books of the railroad companies and the alleged favored grain combine.

More Disorder.

Richmond, Va., July 24.—An outbreak of car strike disorder occurred here Thursday. Two cars were blown up and one motorman was injured so that he had to be relieved from duty. Another motorman was shot at and a window of his car broken. A woman passenger was struck by a stone thrown at a Clay street car.

Cut Almost In Two.

Oklahoma City, Okla., July 24.—Bert Clay of Arkansas City, Kan., employed as a freight conductor on the Santa Fe, was run over in the yards here and instantly killed, his body being cut almost in two.

Large Cannery Destroyed.

Seattle, July 24.—The Kenai salmon cannery, owned by the Pacific Packing and Navigation company, was destroyed by fire. The plant is a total loss, but there is enough insurance to partially cover losses. The cannery was one of the largest in Alaska, with a capacity of 50,000 cases per season.

Died Quickly.

London, July 24.—Baron de Bush fell before an express train near Northampton and died shortly afterward. He was traveling to Scotland, accompanied by his wife, who was Miss Pauline Jorem, the American prima donna.

No Revolution.

Vienna, July 24.—Reports that a revolution has broken out in Bulgaria and that Prince Ferdinand has fled is semi-officially characterized as unfounded. It is explained that July 26 is the anniversary of the death of Prince Ferdinand's father, and the immediate object of his present journey is to visit the grave at Coburg, which is the Prince Ferdinand's usual custom.

Bullion Recovered.

Phillipsburg, Mont., July 24.—The \$3000 worth of silver bullion stolen from the bimetallic mill Tuesday evening has been recovered. Boys playing near the mill discovered a bar of bullion sticking out of a hole in which it evidently had been hastily buried. The bullion was returned to the mill.

Hon. John M. King a popular attorney of Navasota and formerly assistant attorney general, was in the city yesterday on legal business. Mr. King said to the Eagle reporter that four of the Navasota saloon men disregarded the prohibition order, which went into effect in Grimes county Thursday night at midnight and opened their places of business and sold liquor yesterday morning. Complaints were filed against them by the pros and considerable excitement prevailed. Mr. King said he did not know what course the matter would take, but from what the Eagle can learn it is likely that conservatism will prevail and the matter will be adjusted in the courts. The Eagle learned last night that the situation remained practically unchanged all day. By request of the marshal the saloons closed yesterday afternoon for the night.

A prohibition club was organized at the courthouse last night with fifty-five members. Robert Armstrong was elected president and W. A. Watkins secretary. The announcement was made that Mrs. A. C. Zehner will speak in Bryan next Wednesday night, opening the campaign. Hon. John M. King was called home to Navasota yesterday afternoon, and was therefore not present to address the meeting last night. He will speak in the county during the campaign.

DISTINCT TENDENCIES

They Arise Over Candidacy of Cardinal Rampolla.

SIXTY-FOUR OF THEM

That Number Constitute Membership of the Sacred College and it is Thought All but Three Will Be at Conclave.

Rome, July 24.—The nearer the conclave approaches the more two distinct tendencies are known in the sacred college, especially among cardinals curia—that is to say, those living in Rome, but in which cardinals from the provinces as well as foreign cardinals cannot help participating. These two tendencies spring from the personality of Cardinal Rampolla, as the great struggle continues to be in favor of against him. If Rampolla finds on the first ballot he has a considerable number of votes he will try again. If he has few votes and one of his opponents has many he will renounce the chance and he and all his friends will support, first, Cardinal Gotti, with whom he has now come to some agreement, and attempt to raise Gotti to the supreme office with Rampolla as an ally. This would mean the maintenance of Pope Leo's policy on exactly the same lines and entrusted to the same men. But Gotti inspires great distrust because, as he belongs to religious orders he would render the situation of the papacy extremely difficult at the present moment, considering conditions prevailing in France, Spain and the Philippines. It seems, therefore, almost sure that on the first ballot if it is not probable that Gotti will be successful this section of the sacred college will decide on Cardinal de Pietro, one of Rampolla's most faithful followers. Rampolla, being a Sicilian, can count on two Sicilian cardinals. One of them, however, Cardinal Celsa, archbishop of Palermo, is so old (he is almost ninety) that his relations strongly oppose his going to Rome to attend the conclave. For political reasons all Spanish cardinals are favorable to Rampolla, besides a dozen Italians, thus making a total of twenty-five. But to be elected pope it is necessary to get altogether over forty votes, as of the present sixty-four cardinals not more than two or three will be absent from the conclave. The anti-Rampolla tendency is more prominent in candidates such as Cardinals Oreglia, Serafino Vanutelli, Satolli and Agliardi, which causes difficulty in arriving at any agreement on any one of them. It is already foreshadowed that should the success of their opponents be probable this group would center all their votes on Cardinal Capocci, archbishop of Capua. A cardinal who seemed to have considerable chance of success is Cardinal Sarto, patriarch of Venice, but now he is scarcely thought of, because he does not know French and is not likely to learn it at seventy years of age. It is understood the Prussian minister accredited to the Vatican received instructions to favor the election of Cardinal Serafino Vanutelli or Cardinal Agliardi. Cardinal Kopp, bishop of Breslau, who arrived here Wednesday, has been approached to the same effect.

MASSES SAID.

Number of Them Celebrated For Repose of Pope Leo's Soul.

Rome, July 24.—A solemn funeral mass for the repose of the soul of Pope Leo was celebrated Friday in the Church of Sts. Vincent and Anastasio. The door of the church, which contains the visar of all popes since Sixtus V. to Pius IX., was decorated in black and gold and bore a long inscription in Latin. Inside the church was hung with black and gold and on the high altar was a large golden cross, and in the center stood an elaborate catafalque surmounted by a triple crown. In front of the catafalque was the coat of arms of the late pontiff, with a profusion of flowers and many flags of clerical societies. Mgr. Virili celebrated the mass, assisted by all students of the American college. The church, which is not large, was overflowing with people.

Among other funeral masses celebrated Friday the most imposing was that in St. Peter's cathedral, where the body of Pope Leo lies in state, with a never-ending stream of people passing before it. The grand catafalque is draped in black and gold in the center of the chapel and the triple crown is held in a conspicuous position.

The most significant mass was that celebrated in the royal chapel known as the Church Sudario, by the court chaplain, by order of the king and queen of Italy. When Pius IX. died four days after his death, as this is four days after the death of Pope Leo, mass was celebrated in this church for the repose of the soul of Victor Emanuel, then lately deceased. This time it was celebrated for the repose of the soul of Leo XIII.

BODY PRESERVED.

Rumor Not True That Decay Was Setting in of Remains.

Rome, July 24.—The report generally circulated that the body of Pope Leo was beginning to show signs of decomposition caused great excitement, but it is now contradicted by the doctors. Many people who decided to visit the Chapel of the Sacrament in St. Peter's on the last day of the lying in state and thus avoiding the crowd hurried there Friday, fearing the body would be buried Friday night, while many persons in the provinces took the first trains to Rome, which resulted in a gathering at St. Peter's larger than that of Thursday. Dr. Lapponi, in the face of doubts cast as to the efficacy of his process of embalming, went with other doctors to examine the body of the pope and found it to be in a perfect state of preservation. The dark color assumed by the face is attributed to the smoke of the many candles burning around.

NEGRO SHOTS OFFICER.

Former Is Pursued by Many Persons and Shot to Death.

Beaumont, Tex., July 24.—Policeman Walter Skensbury was Thursday afternoon shot and fatally wounded by Mooney Allen, a negro, who was pursued by a crowd of citizens and shot to death shortly afterward. Allen started to shoot his wife, and he forced a negro policeman and others who interfered to retreat. Skensbury appeared, when the negro covered him with a Winchester and told him to halt. The officer was surprised, and did so, whereupon Allen fired, the bullet striking Skensbury in the side, passing through the body. After firing, the negro started down the street in the direction of the Threadneedle House. Sheriff Landry's gun was empty, but at that instant some one placed a loaded revolver in his hands and he struck out after the negro. In the meantime a crowd of men, many of whom had pistols, started in pursuit of the negro. Some of them kept up a constant firing and the fugitive kept running until he reached Cedar street. Here he turned and ran down Cedar street. He fell dead half way between Pearl and Main streets.

MANY AT LOGROLLING.

Second Annual Affair Attracts Several Thousand People.

Tyler, Tex., July 24.—Between 6000 and 8000 people attended the second annual Woodmen of the World logrolling in this city Thursday. Special trains were run from all directions. The entire city was decorated with bunting and colors of the Woodmen, and presented quite a gala appearance. The parade moved at 11 o'clock, and was half a mile long. Many beautiful floats and decorated carriages were in line, as well as the city officials, Woodmen, speakers, the military and fire companies, two bands and citizens in carriages.

SHOES STOLEN.

Misfortune That Attended a Passenger on a Train.

Temple, Tex., July 24.—Conductor Willis Crawford of the Santa Fe had an experience with an irate passenger on his train that was of the lurid order. The passenger was from the Indian Territory, and while coming up on Mr. Crawford's train from south Texas, removed his shoes for greater comfort while he indulged in a nap. While he slept some miscreant stole his shoes, leaving the man barefooted on a passenger train, with many miles between him and home.

New Ice Plant.

Plano, Tex., July 23.—The new ice plant, with a capacity of ten tons per day, which can be increased to twenty tons, was started Thursday. The plant is owned by the Plano Milling company.

Death of "Texas Stafford."

Galveston, July 24.—E. A. Stafford, a prominent citizen of Palestine, and well known throughout Texas as Texas Stafford, died here at the home of his brother, William Stafford.

Many On Hand.

Wills Point, Tex., July 24.—Thursday was Confederate veteran day at the reunion. There were fully 5000 people present. General W. L. Cabell, Congressman Gordon Russell and Hon. N. W. Graber of Fort Worth were among the speakers.

Ten Patents Signed.

Austin, July 24.—The governor has signed ten patents to state lands.

After Railroad Clerks.

Niagara Falls, N. Y., July 24.—Warrants have been issued for the arrest of twenty New York Central railroad clerks in connection with the robbing of freight cars. Six clerks were arrested some time ago on the same charges and five pleaded guilty. They are supposed to have given information leading to the issue of additional warrants.

Permit to March Refused.

New York, July 24.—Police Commissioner Ebsteln refused a permit to march through the streets to "Mother" Jones and her army of textile workers. Mrs. Jones came over from Jersey City, where the "army" is, to make application.

KENT'S CRIMES.

Kills a Woman, Wounds a Man and Takes His Own Life.

Bucyrus, O., July 24.—Charles Kent shot and killed Mrs. Lou Rensell, shot and wounded John Sawyer and then killed himself. The shooting took place at the Rensell saloon. Kent is the barkeeper who, some time ago, eloped with Mrs. Russell to California. Recently they returned.

Next Year at Sulphur.

Tishomingo, I. T., July 24.—The second day of the Confederate reunion attracted large numbers of persons. The business meeting of the association was called to order Thursday morning by President Guy of Davis. Sulphur was selected as the place for holding the next annual meeting. D. J. Kendall of Sulphur was unanimously elected brigadier general of the association.

Shocked to Death.

Guthrie, Okla., July 24.—While at work twenty feet above ground in the center of the town, R. S. Bland, a lineman for the Arkansas Valley Telephone company, touched a live wire with his back and was shocked to instant death.

Killed His Wife.

Whitesburg, Ga., July 24.—Robert Smith, a young farmer, shot from ambush and killed his wife. They quarreled and Smith whipped his wife. She left him and went to her father's house. It is supposed her father persuaded her to return to her husband, who shot her as she was on the way.

CONFERENCE CONCLUDED.

Gold Using Countries to Have Silver For Subsidiary Coin.

Berlin, July 24.—The conference of the American and Mexico monetary committees with the German committee was concluded Thursday. The promptness with which the government appointed the German commissioners, and their speed in dispatching business, enabled the Americans to finish their work here in one week, whereas they expected to remain three weeks in Berlin. The Americans and Mexicans will proceed to St. Petersburg on Sunday.

From a statement handed to the correspondent of the Associated Press by the American commission it appears that a unanimous agreement on a series of resolutions was reached regarding a uniform monetary system for China on a gold basis with a silver dollar circulation. The resolution declares it to be desirable for both China and the gold using countries trading there if a fixed relation of their silver to gold coins could be fixed. The resolutions further recommend the gold using countries buying silver for subsidiary coinage to observe regularity.

MET NOBILITY.

King and Queen of Great Britain Hold Levee in St. Patrick's Hall.

Dublin, July 24.—The king and queen held splendid court at the castle in the famous St. Patrick's hall, which was gorgeously decorated and illuminated for the occasion. Their majesties entered the hall at 10:30 o'clock, with all the accompaniments of state, and took their places near the throne, which was the center of a brilliant

QUEEN ALEXANDRA.

group. There they received the most representative body of the Irish nobility and the Irish people which has been seen at the castle in many years. Queen Alexandra wore a cream colored gown embroidered with gold. She wore various colored jewels in the form of shamrocks and her diamond ornaments were set in designs of rose, thistle and shamrock. The infantry of the sovereigns secured a special uniform which English statesmen had vainly sought to attain. The High Guards acted as a guard of honor and the grand staircase was armed with Lancers. It was a function of regal magnificence.

KING EDWARD VII.

Battleship of That Name, Largest in the World, Launched.

London, July 24.—The new battleship King Edward VII, the largest in the world, was successfully launched by the Princess of Wales at Davenport Thursday evening. Among those present were the Prince of Wales, Prince Henry of Battenburg and the lords of the admiralty. King Edward laid the keel plate March 8, 1902. The vessel cost \$7,500,000. The King Edward VII is of 16,350 tons displacement, only 350 tons more than the Louisiana, now building at New York.

Dry Six Months.

Topeka, Kan., July 24.—Advices from Pratt, Kan., say there has been no rain in that territory for six months and the corn crop is ruined. The thermometer registered 109 degrees Wednesday. Threshing is delayed, laborers being unable to stand the heat. Wheat averages twenty bushels to the acre.

Intense Heat in Oklahoma.

Guthrie, Okla., July 24.—Intense heat has prevailed in Oklahoma for a week. The temperature here Thursday was 106. Corn and cotton are greatly in need of rain.

BASEBALL.

Texas League.

At Tyler—Two thousand people saw Dallas and Corsicana clubs play Thursday. Dallas got six runs and Corsicana five. O'Connor of the Corsicana team and Umpire Tilford came to blows over a decision against Coyle of the Corsicana club.
